<u>Purpose</u> The River Parkway Subaccount was created as a result of voter approval of Proposition 204, the Safe, Clean, Reliable Water Supply Act, in the November 5, 1996 election. This act authorizes the issue of \$995,000,000 in general obligation bonds for the purposes of financing prescribed water programs. The proceeds of the bonds issued are deposited in the Safe, Clean, Reliable Water Supply Fund for transfer to several accounts created by this act, including \$117,000,000 to the Water Supply Reliability Account. The money deposited in the Water Supply Reliability Account is then transferred to several subaccounts, including \$27,000,000 to the River Parkway Subaccount. The purpose of the money deposited in this subaccount is for the acquisition and restoration of riparian habitat, riverine aquatic habitat, and other lands in close proximity to rivers and streams and for specified river and stream trail projects.
